ARMORY PROCEDURES

Priority for New Students and Special Problems

Newly admitted, reinstated and readmitted students who were unable to pre-register and those students meeting the criteria for Schedule II (see below) will have priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of pre-registration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Newly admitted, readmitted, and reinstated students
Monday, August 23, 1976 — 8:30 a.m. to 1:55 p.m.

This schedule will apply to newly admitted, readmitted, and reinstated students. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. A Letter of Admissions signed by an advisor will permit these students to enter the Armory. Only students who had no opportunity to pre-register may register according to this schedule.

SCHEDULE II — Partially Scheduled Pre-Registrants
Monday, August 23, 1976 — 2:00 p.m. to 6:00 p.m.

This schedule will apply to students who request 9 or more credits in pre-registration but receive 8 or less and to students who request 8 credits or less and do not receive the number they request. Students in this category will be notified of their eligibility for Schedule II by a message on their Class Schedule Card. This schedule containing the message indicating eligibility and the semester Registration Card will permit students to enter Reckord Armory according to the published alphabetic sequence. Excluded from this category are students who requested 8 or less credits and received the number of credit hours they requested.

SCHEDULE III — All other students
Tuesday, August 24, 1976 — 8:30 a.m. to 6:00 p.m.

This schedule will apply to all other students not included in the first two categories. Students who were registered for Spring 1976 but did not pre-register for Fall 1976 will be included in this category. Students under this category should report, according to alphabetic schedule, to the Armory.

Students are expected to enter the Armory according to the schedule published in this Schedule of Classes. Any student attempting to enter the Armory at a time other than the one assigned will be considered to be violating General University Regulations, specifically, the "General Statement — Student Responsibility." The University Regulation states "Students are expected to conduct themselves at all times in a manner consistent with the University's responsibility of ensuring to all members of the University the opportunity to pursue their educational objectives and of protecting the safety, welfare, rights, and property of all members of the University itself." *Such cases will be referred to the University Judiciary Board for appropriate action.*

FIRST AID AVAILABLE DURING REGISTRATION

A First Aid Station is centrally located in the basement of the Armory. Treatment is readily available for a wide range of problems, including, sprains, fainting, seizures, cuts, etc. For assistance ask for directions or help from any of the registration personnel.

REGISTRATION PARKING AND SHUTTLEBUS SERVICE

On Monday, August 23, and Tuesday, August 24, students will be able to park in campus lots 1, 3, 4, and 7. Express shuttlebus service will be provided between these parking lots and Reckord Armory.

CANCELLATION OF PRE-REGISTRATION
or
WITHDRAWAL FROM THE UNIVERSITY

Students who pre-register and subsequently decide not to attend the University must either cancel their registration or withdraw from the University. The correct procedure to follow is determined by **when** the decision not to attend is made.

PRIOR TO THE 1st DAY OF CLASSES, students may **CANCEL** their registration. If a cancellation is processed prior to the first day of class, the student incurs no financial obligation to the University for the semester. FAILURE TO CANCEL PRE-REGISTRATION WILL RESULT IN FINANCIAL OBLIGATION TO THE UNIVERSITY EVEN THOUGH THE STUDENT DOES NOT ATTEND CLASSES.

ON OR AFTER THE 1st DAY OF CLASSES, students must **WITHDRAW** from the University. While a student who withdraws may be entitled to a refund, the amount of the refund is determined by the date the student processes his withdrawal. The chart below will indicate the percentage of tuition refund to which the student who withdraws is entitled. As indicated, it is possible to withdraw and receive no refund.

To Cancel Your Registration (on or before August 24)

1. Your cancellation request must be received in writing by:
   Office of Registration — Rm. 1130, North Administration Bldg.
   University of Maryland, College Park, Maryland 20742

   Since the University can honor only those requests for cancellation which are actually received prior to August 25, it is suggested that **all requests be sent by registered mail.**
2. For additional information concerning cancellations call the Registrations Office, 454-2734.
3. Refer to the chart below for refund information.

To Withdraw from the University (August 25 or later)

1. All students, except those in the Division of Behavioral and Social Sciences, should go to Room 1130A, North Administration Building, to complete a withdrawal form. BSOS students should go to the Division Office.
2. Withdrawal becomes effective on the date the form is filed with the Office of Registrations.
3. Tuition refunds will be processed upon receipt of the completed Withdrawal Form and after adjustment has been made to the student's account by the Office of Registrations.
4. Refer to the chart below for refund information.
5. Be certain to return all books to the Library, your identification cards to the Office of Registrations, and your room key to the Residence Hall Staff. Also be certain to clear all financial accounts at the Division of Business Services, South Administration Building.

CANCELLATION AND WITHDRAWAL DATES FOR REFUND OF TUITION*

on or before August 24	100%
August 25-September 8	80%
September 9-September 15	60%
September 16-September 22	40%
September 23-September 29	20%
September 30 and later	0%

*Students who have made no payment on their account at the time of withdrawal will be billed according to the above schedule.

DEADLINES FOR GRADUATE STUDENTS AND PART-TIME UNDERGRADUATES

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE 1st DAY OF CLASSES (AUGUST 23 & 24), if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which he is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students.

However, if the student subsequently adds a course or courses, thereby changing the total number of credits for which he is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

ON THE 1st DAY OF CLASSES OR LATER (AUGUST 25 OR AFTER), if a full-time undergraduate drops a course or courses, thereby changing the total number of credits for which he is registered to *8 or less,* charges for the semester will be assessed on the basis of the full-time general fees. That is, there is no refund for changing from full-time to part-time status on the first day of classes or later. If the student has already made payment as a full-time student, no refund will be processed. If the student has not made payment he will be billed for the full-time undergraduate fees.

IN OTHER WORDS, if at any time on or after the first day of classes, a student is registered for *9 credits or more* he will be billed on the basis of the full-time undergraduate fees.

SEPTEMBER 9 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

REFUND SCHEDULE FOR DROPPING COURSES
GRADUATE STUDENTS AND PART-TIME UNDERGRADUATES

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed:

1. August 23, 24 (prior to the first day of classes) ..... 100% refund
   There will be no charge for courses *dropped* on these two days.
2. August 25-31 (first five days of class) ..... 80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. September 1 and after ..... 0% refund
   Students will incur full charges for courses *dropped* during this period.
4. September 9 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level should accomplish both transactions on the *same day* to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

IDENTIFICATION CARDS

New Photo Transaction Cards will not be issued to students who currently have them.

Students who pre-registered for the Fall 1976 session receive a new Registration Card along with their Class Schedule. This card will validate their Photo Transaction Card. Both cards should be carried at all times.

Students who did not pre-register will receive identification cards when they do register.

Together the Photo Transaction Card and the Registration Card can be used by all students to withdraw books from the libraries and as a general form of identification on campus. Full-time undergraduates may use the cards for admission to most athletic, social and cultural events. *The Photo Transaction Card will be used by boarding students for admission to dining halls.*

Questions concerning the identification system should be addressed to the Office of Registrations (454-5365).

FOOD SERVICE IDENTIFICATION CARDS

The University no longer issues a separate ID card for food service. Those students with board contracts may use their Photo/Transaction Cards for admission to the dining halls.

RECLASSIFICATION TO IN-STATE STATUS

The deadline for meeting all requirements for an in-state status and for submitting all documents for reclassification is the last day of late registration for the semester the student wishes to be classified as an in-state student.

Fall 1976 semester ..... September 8, 1976
Spring 1977 semester ..... January 25, 1977

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. If a large number of students apply for reclassification during registration, the volume of requests may necessitate a delay in completing the review process. Unfortunately, in some cases, the delay may be up to ninety (90) days. Until reclassification is officially granted, a student is required to pay fees and charges based on the previous classification. It is to your advantage to apply early.

Petitions for review of eligibility, related documents and questions concerning the policy of the University of Maryland for the determination of in-state status should be directed to the following offices:

Undergraduates — Admissions Counselor
Office of Admissions
Ground Floor — North Administration Building
454-4137, 4535, 4536

Graduate Students — Mrs. Lois Lyon

Exit via the rear door of the Armory.

OTHER BILLING INFORMATION

Bills for payment of fees will be mailed to students who pre-registered for the Fall 1976 semester. PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 27, 1976. Prompt payment by mail is encouraged to avoid the long lines of registration time, August 23 and 24, 1976.

Students paying by personal check may drop payment in Mail Remittances hallway drop box beside Room 1108, South Administration Building, at any time; processed check will serve as receipt. Students paying in person at Cashier's Office are required to present Student ID card with payment.

The cut off date for acceptance of all contracts is August 20, 1976. The student remains responsible for fees if not paid by sponsor.

STUDENTS RECEIVING FINANCIAL ASSISTANCE

Students on scholarships and grants are expected to *maintain* a semester credit load of 14 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

FEES AND EXPENSES

Registration is not complete or official until all financial obligations are satisfied. Returning students will not be permitted to complete registration until all financial obligations to the University including library fines, parking violation assessments and other penalty fees and service charges are paid in full.

Although the University regularly mails bills to students, starting with an estimated bill approximately one month prior to registration, it cannot assume responsibility for their receipt. If any student does not receive a bill on or before the start of each semester, it is his/her responsibility to obtain a copy of the bill by coming to Room 1103, South Administration Building, between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant, scholarship, or workship, the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. Students removed from housing because of delinquent indebtedness will be placed at the bottom of the waiting list after the financial obligation is satisfied and after reapplying for housing. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to pre-register or register for subsequent semesters until the debt is cleared. In the event of actual registration in a subsequent semester by a severed student who had not settled his student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

In accordance with State law, the accounts of delinquent and severed students are referred to the State Central Collections Unit in Baltimore for collection and legal follow-up. Costs incurred in collecting delinquent accounts are charged to the student. Collection costs are normally 15% plus any attorney and/or court fees.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of this account.

AN IMPORTANT FEE NOTICE —
Although changes in fees and charges ordinarily will be announced in advance, the University reserves the right to make such changes without prior announcement.

EXPLANATION OF MANDATORY FEES

The Application Fee for the undergraduate programs and the summer sessions partially defrays the cost of processing applications for admission accepted in lieu of the matriculation fee. Applicants who have enrolled with the University of Maryland in University College at College Park or Baltimore, or at one of its off-campus centers are not required to pay the fee since they have already paid a matriculation fee.

The Fixed Charges Fee is charged to help defray the cost of operating the University's program at College Park.

The Instructional Materials Fee represents a charge for instructional materials and/or laboratory supplies furnished to students.

The Athletic Fee is charged for the support of the Department of Intercollegiate Athletics. All students are encouraged to participate in all of the activities of this department or to attend the contests if they do not participate.

The Student Activities Fee is a mandatory fee included at the request of the Student Government Association. It is used in sponsoring various student activities, student publications, and cultural programs.

The Recreational Facilities Fee is paid into a fund which will be used to expand the recreational facilities on the College Park campus, especially the Student Union Building.

The Auxiliary Facilities Fee is paid into a fund which is used for expansion and operation of various facilities such as roads, walks, campus lighting and other campus facilities. These facilities are not funded or are funded only in part from other sources.

OTHER FEES

Application Fee: $15.00
Pre-College Orientation Program Registration Fee: $31.00 (two day program)
$18.00 (one day program)

Registration Fee: $5.00. Charged to all registrants each semester.

Late Application Fee: $25.00

Room Deposit Fee: payable upon application for dormitory room: $50.00 (To be deducted from the second semester room charges at or after registration.)

Student Health Fee: all full-time students (9 credits or more, Graduate or Undergraduate), every semester — $10.00; all part-time students (8 credits or less, Graduate or Undergraduate), every semester — $5.00. Full-time employees and staff may not use Health Service Facilities and are not charged the Student Health Fee. Graduate Assistants are not full-time employees.

Vehicle Registration Fee: $12.00 for first vehicle and $3.00 for each additional vehicle in accordance with published regulations. Payable each academic year by all students registered for classes on the College Park Campus and who drive on campus. For cars registered for the spring semester only the fee is $6.00 on the first car and $3.00 for each additional vehicle.

Special Fee for students requiring additional preparation in Mathematics (MATH 001) per semester: $75.00 (Required of students whose curriculum calls for MATH 110 or 115 and who fail in qualifying examination for these courses.) This Special Math Fee is in addition to course charge. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Students taking only MATH 001 pay for 3 credits plus $75. A 3 credit course plus MATH 001 results in a charge for 6 credits plus $75. A full-time student pays full-time fees plus $75.

Fees for Auditors and courses taken for audit are the same as those charged for courses taken for credit to determine whether or not an undergraduate student is full-time or part-time for fee assessment purposes.

Special Students are assessed fees in accordance with the schedule for the comparable undergraduate classification.

Late Registration Fee: $20.00. All students are expected to complete their registration, including the filing of Schedule Adjustment Forms on the regular registration days. Those who do not complete their registration during the prescribed days must pay this fee. Registration is not completed until all fees, including outstanding SAR (Student Accounts Receivable) balances have been paid in full. Any payment which is insufficient to discharge the existing balance plus new fees leaves tuition unpaid and registration incomplete.

Withdrawal or Refund of Fees: Any student compelled to leave the University at any time during the academic year should file an application for withdrawal, bearing the proper signature, in the Office of Registrations. If this is not done, the student will forfeit his right to any refund to which he would otherwise be entitled. The date used in computing refunds is the date the application for withdrawal is filed in the Office of Registrations.

Stopping payment on a check does not constitute an official withdrawal.

A request for a refund must be processed by the student with the Division of Business Services, *otherwise* any student account credit will automatically be carried over to the next semester.

In the case of a minor, withdrawal will be permitted only with the written consent of the student's parent or guardian.

Full-time students withdrawing from the University will be credited for all academic fees charged to them in accordance with the following schedule:

Period from Date Instruction begins	*Refundable*
Two weeks or less	80%
Between two and three weeks	60%
Between three and four weeks	40%
Between four and five weeks	20%
Over five weeks	00%

No part of the charges for room and board is refundable except when the student officially withdraws from the University or when he is given permission by the appropriate officials of the University to move from the residence halls and/or to discontinue dining hall privileges. In these cases, the room refund will be computed by multiplying the number of periods remaining times the pro rata weekly rate. Refunds to students having full board contracts will be calculated in a similar manner. No room and/or board refunds will be made after the fourteenth week of the semester.

The Food Service Identification Cards (FSID) must be surrendered to the Office of Registrations before any refund will be processed.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A student who registers as a full-time undergraduate will receive no refund of the General Fee when courses are dropped (irrespective of the number of credit hours dropped) unless the student withdraws from the University. Hence, a student changing from full-time to part-time after the first day of classes receives no refund.

A student who registers as a part-time undergraduate student will be given an 80% refund of the credit hour fee for courses dropped during the first week of classes. No refund will be made for courses dropped thereafter.

A special refund schedule applies to full-time students who are called up as Reservists for military service.

Property Damage Charge: Students will be charged for damage to property or equipment. Where responsibility for the damage can be fixed, the individual student will be billed for it; where responsibility cannot be fixed, the cost of repairing the damage or replacing equipment will be prorated among the individuals involved.

Service Charges for Dishonored Checks: Payable for each check which is returned unpaid by the drawee bank on initial presentation because of insufficient funds, payment stopped, post-dating drawn against uncollected items, etc.
For checks up to $50.00: $5.00
For checks from $50.01 to $100.00: $10.00
For checks over $100.00: $20.00

If checks written in payment for pre-registration, tuition, or in excess of $100.00 are returned unpaid, the student must redeem these checks and pay any outstanding balance in the account within 10 days or all University services will be severed and the account will be transferred to the state Central Collection Unit for legal follow-up. Additionally, a minimum 15% collection charge is added to the charges posted to the student's account at the time the transfer is made.

Collection Costs: Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The normal collection fee is 15% plus any attorney and/or court costs.

Library Charges: $ .25 — Fine for failure to return a book from General Library before expiration of loan period; per day. Fine for failure to return book from Reserve Shelf before expiration of loan period: First hour overdue on first day: $1.00; after first hour on first day: $2.00; each additional day: $2.00. In case of loss or mutilation of a book, satisfactory restitution must be made.

Motor Vehicle Penalties: These are described in Traffic Rules & Regulations.

Textbooks and Supplies: Textbooks and classroom supplies vary with the course pursued, but will average $85.00 per semester.

Payment of Fees: All checks, money orders, or postal notes should be made payable to the University of Maryland. **The student's social security number must be written on the front of the check.**

Change of Registration Fee: $2.00 for each course dropped or added after the Schedule Adjustment Period.

Special Examination Fee: $30.00 per course for full-time students; the part-time credit hour charge for part-time students. (See part-time credit charges on page 6.)

Cooperative Education Program in Liberal Arts and Business (CO-OP 208-209): $30.00 each

Engineering COOP Program (ENCO 408-409): $30.00 each

Transcript of Record Fee: $2.00 each copy

FMCD 344 Fee: $60.00 in addition to course charges. There is also a $5.00 per week room charge for students not living in campus housing.

REMISSION OF FEES FOR FACULTY AND STAFF

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 1133, Main Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

VETERANS BENEFITS

Students attending the University under the Veteran's Education Assistance Act (Title 38, U.S. Code) who completed Pre-registration will be certified on the basis of pre-registration course requests. This certification should be verified by the student at the Registrations Office, Room 1130, North Administration Building, 9:00 a.m. to 4:00 p.m., Monday through Friday.

ENROLLMENT CERTIFICATION AND VA PAYMENTS

1. How to compute payments based on enrollment status

Undergraduate student enrollment status is based on the number of credits for which the student is registered. Graduate student enrollment status is based on the number of units for which the student is registered. Courses taken as "AUDIT" cannot be counted toward credit for graduate or undergraduate students. Charges are the same for audit and for credit courses.

TABLE FOR COMPUTING GRADUATE UNITS

000-399	2 Units per credit
400-499	4 Units per credit
500-599	5 Units per credit
600-898	6 Units per credit
799	12 Units per credit
899	18 Units per credit

Graduate Students will not be certified for any course below the 400 level unless it is required by their department and a letter stating this is approved by Mr. Seidel in the Graduate School and submitted to the Veteran's Affairs Office when registering.

2. Table for payment during the Fall and Spring Semesters

Credits for Undergraduates	*Units for Graduate Students*	*Status*	*Table of VA Fees for Undergraduate & Graduate*

3. Graduate Assistants

Graduate students who are graduate assistants will be certified full time if their assistantship is confirmed in writing by Graduate School and they are taking 24 units. This must be done each semester. Please note . . . the Veterans Administration's definition of "full time" for Graduate Assistants differs from the University of Maryland definition and should be used only for VA purposes.

4. Veterans Responsibility

It is the responsibility of veterans and dependents receiving V.A. benefits to notify the University V.A. Certification Office of every change of course or program at the time the change is submitted to the University. This includes the following:

a. Drops, Adds or Section Changes
b. Credit Level or Grade Option Change
c. Change of Major or Division/College
d. Change of Address
e. Graduation
f. Academic Dismissal/Reinstatement Actions
g. Intent to Transfer from UMCP

FAILURE TO NOTIFY THIS OFFICE CAN IMPACT ADVERSELY ON RECEIPT OF BENEFITS.

VETERANS COUNSELING

Under a new program, three Veterans Administration counselors, Alexia McKissic, Warren T. Maschauer and David M. Rhoads, now work on campus full time to assist veterans, their dependents, and service personnel with all VA related questions and problems. These representatives can offer you help in getting your monthly educational assistance checks as well as other less well known but available benefits.

The counselors are available on a walk-in basis during normal office hours in Rooms 1130 or 2108M North Administration Building (454-5276 and 454-5734).

CHANGE OF ADDRESS PROCEDURE

Currently Registered Students — during the academic year the local address on file will be used for all mailings other than billings. Grade reports will be mailed to a student's local address unless it is a campus listing with a 20742 zip code. For a student with a campus address, grade reports will be mailed to the permanent address. Students Not Currently Registered — the permanent address on file will be used for all mailings.

Applications are available at the Registrations Office Counter, 1st Floor Lobby, North Administration Building, 9:00 a.m. to 4:00 p.m., Monday through Friday, and in all Provosts' and Deans' Offices, 8:30 a.m. to 4:30 p.m., Monday through Friday.

GENERAL REQUIREMENTS

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS (NEW)

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences: Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences: Human and Community Resources.

Area C: 6-12 hours in the Division of Arts & Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

II. Demonstration of competency in English composition. Unless the student has been exempted from English composition, at least one course in this subject will be required. Exemption is granted if the student earns an acceptable SAT Verbal or English Advanced Placement Test score (score announce annually), or by satisfactory completion of a similar course at another institution. Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

Area A Ag. & Life Sci. I Math & Phy. & Engin. II	Area B Behav. & Soc. Sci. III Hum. & Comm. Res. V	AreaC Arts & Hum. IV

NUSC: Can be either A or B
HONR: Area depends upon title/subtitle (content) of the course
ARTE: Undecided as to Division at this time; advisor may select Area B or C
MUED: Same as ARTE

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

GENERAL EDUCATION REQUIREMENTS (OLD)

These requirements are applicable *only* to students whose first semester at the University of Maryland was prior to August 1973 and who choose to complete these General Education Requirements rather than the new General University requirements.

For students electing to satisfy the old General Education Requirements, the following specific courses may be used (course descriptions appear in the Consolidated Undergraduate Catalog). In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he is eligible by placement examination, department evaluation, etc. Additional information may be obtained from the Office of the Dean for Undergraduate Studies, Room 1115 Undergraduate Library (X 2530-2531).

HEALTH AND PHYSICAL EDUCATION

Two (2) physical activity courses, and one Health Education course (HLTH 105) are required of both men and women students.

If students under the old General Education Requirements now take a basic PHED course (100A — 177Z), they will receive credit toward graduation for that course only if it is in addition to their two required PHED courses.

Health Education is required but does not count toward hours needed for a degree program.

FOREIGN LANGUAGE PLACEMENT

ARTS AND HUMANITIES REQUIREMENTS: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign language in the division, although he may elect to do so.

However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

FRENCH DEPARTMENT: Students who have had two or more units of high school French are required to take the Placement Exam, as a result of which they may be placed in French 101 *for credit,* French 103, French 104, or higher. Admission to French 102 is limited to those who have completed 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 *for credit.* Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Spanish 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104.

Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

FOREIGN LANGUAGE PLACEMENT EXAM SCHEDULE

During the Fall 1976 semester there will be placement testing in Room 0106, Shoemaker Building at 3:30 p.m. every Thursday. To be admitted for testing, students must have a picture I.D.

Testing during Fall Registration is scheduled for Monday, August 23 at 3:30 p.m. in Room 2101, Shoemaker Building, and Thursday, August 26 at 3:30 p.m. in Room 2101, Shoemaker Building. Bring a picture I.D. in order to be admitted.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, approved by the Board of Regents in 1972, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without adherence to a previously defined curriculum with a departmental or divisional orientation.

No other University degree requirements, such as General University Requirements, apply to the BGS.

The very concept of the BGS is predicated on broad ranging educational objectives and not on the more specific requirements of graduate school and professional employment. Students who elect this program should specifically be aware that it is not designed to satisfy those requirements. While the early BGS graduates have not experienced unusual problems with further education and employment, the individual student's experience may well depend on the quality of program which he designs within the parameters of the BGS requirements.

Additional information on the BGS may be obtained from Dr. Judith Sorum, the Assistant Dean for Undergraduate Studies (Telephone: X 2530/31).

REQUIREMENTS

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.
2. No more than 30 credits in any one department may be applied toward the required 120 credits.
3. The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.
4. At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.
5. The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. Recipients of the BGS degree may elect to earn a second baccalaureate in another area and must satisfy all University requirements. However, one may not elect to earn a second degree in General Studies if a degree in another area has previously been earned.
6. The student pursuing the BGS program shall be advised by a faculty member either appointed by or acceptable to the Dean for Undergraduate Studies.

THE INDIVIDUAL STUDIES PROGRAM

ADMISSION

The Individual Studies Program is open to students of the University of Maryland, College Park:

A. Who have a clearly defined desire to pursue a field of study which cannot reasonably be satisfied in an existing approved curriculum, and
B. Who have the ability to design, with faculty assistance, a sequence of formal and/or informal learning experiences, satisfactory completion of which is deemed adequate for awarding a Bachelor's degree.

Application for admission should be made with the Administrative Dean for Undergraduate Studies as early as possible in the student's undergraduate career. Normally the student should have successfully completed one semester of residence at College Park prior to submission of the application; however, in exceptional circumstances the student may petition the Dean for a waiver of this requirement. Admission to the Individual Studies Program must be officially approved prior to the final 30 semester hours equivalence of the proposed curriculum. Final approval of the proposed program will be dependent on the availability of a faculty tutor competent and willing to supervise the program.

PROGRAM REQUIREMENTS

A. The student, with the aid of an assigned faculty tutor, must prepare a prospectus of the complete undergraduate program designed to be consistent with the student's stated academic objective. The completed prospectus is then submitted for approval to a committee consisting of the Dean for Undergraduate Studies or his representative, the tutor, and three professional faculty members. This prospectus, when officially approved, is filed with the Administrative Dean for Undergraduate Studies and becomes the curriculum under which this student will earn the degree.
B. Students in the Individual Studies Program must meet the stated University requirements for awarding of a degree, namely:
   1. Completion of 120 academic credit hours with an average grade of "C" or better and
   2. Satisfaction of the General University Requirements.
C. The student's program must include at least 12 hours of formal course work numbered 300 or above, not including General University Requirements nor IVSP 319, Tutorial Report.
D. For each semester of full-time residence, the student must register for IVSP 319, Tutorial Report (1 credit hour). Requirements for the course will include a written analysis of progress toward completion of degree requirements. This report should be turned in to the tutor and discussed with the tutor in planning the next stages of work toward the degree.
E. A Bachelor's Paper, IVSP 320, is required of all students in the Individual Studies Program whose program includes 40% or more of informal educational experience (independent study, special problems, work internship, etc.) and is strongly recommended for all students in the program. This paper is to be completed in the student's final semester and approved by the tutor and committee prior to certification for the degree.

Determination as to whether the Bachelor of Arts or Bachelor of Science degree will be awarded will depend on the predominant subject matter content of the program approved.

Amendments to this curriculum may be initiated by the student at any time and when officially approved become an integral part of the curriculum.

Students considering enrollment in the Individual Studies Program should consult Dr. Judith Sorum, Assistant Dean for Undergraduate Studies (Room 1115 Undergraduate Library, ext. 2530/31) who will, if the student's enrollment in the program seems appropriate, help the student locate a suitable tutor.

DIVISION/COLLEGE/MAJOR CHANGES

Division, college and major changes may be made at any time, the only restrictions being Board of Regents limitations on enrollment.

Forms to initiate these changes will be available at the Registrations Office Counter, 1st floor lobby, North Administration Building.

Refer to the organizational chart on page 11 and the code table on page 9 of this Schedule of Classes to verify that you have processed all the necessary changes and are using the correct codes.

ALL students must have 1) a division code, 2) a college code and 3) a major (course of study) code. Please make sure that you have a valid combination of all three.

If your major (course of study) comes directly under the jurisdiction of a division provost, your college code should be "99 — No College, Undergraduate".

CHANGE IN DIVISION (Undergraduate Students Only)

1. Division changes may be made at any time, the only restrictions being Board of Regents limitations on enrollment.
2. Forms to initiate a change of division will be available at the Registrations Office Counter, 1st floor lobby, North Administration Building.
3. For the purpose of evaluation and acceptance to new division, it is necessary to obtain an unofficial copy of the permanent record. Forms for requesting the unofficial copy are available at the Registrations Office Counter.
4. The change form and the unofficial copy of the permanent record should be taken to the provost's office in the new division.
5. The provost of the new division will relay the information to the Registrations Office.
6. The divisions involved will assume responsibility for the appropriate transfer of complete records.

CHANGE IN COLLEGE (Undergraduate Students Only)

1. College changes may be processed at any time, the only restrictions being Board of Regents limitations on enrollment.
2. Forms to initiate a change of college will be available at the Registrations Office Counter, first floor lobby, North Administration Building.
3. For the purpose of evaluation and acceptance to new college, it is necessary to obtain an unofficial copy of the permanent record. Forms for requesting the unofficial copy are available at the Registrations Office Counter.
4. The change form and the unofficial copy of the permanent record should be taken to the Dean's Office of the new college. The official date for the change will be the date stamped on the form by the new college.
5. The Dean of the new college will relay the information to the Registrations Office.
6. The colleges involved will assume responsibility for the appropriate transfer of complete records.

CHANGE IN MAJOR (Undergraduate Students Only)

1. Major changes may be processed at any time, the only restrictions being Board of Regents limitations on enrollment.
2. The forms for this purpose will be available at the Registrations Office Counter, first floor lobby, North Administration Building.
3. The form indicating the change information should be turned in with the Registration Materials at the time of Registration or turned in to the Registrations Office Counter at a later time during the semester.
4. Be sure to also complete a Division-College Change form if appropriate.

UNDECIDED ABOUT A COLLEGE, DIVISION AND/OR MAJOR AND WANT TO BE ADVISED BY THE GENERAL UNDERGRADUATE ADVISEMENT OFFICE.

1. Students who wish to change from their current college or division to undecided should obtain a Change of College form and an unofficial copy of their permanent record from the Registrations Office Counter, 1st floor lobby, North Administration Building.
2. The permanent record and Change of College form should be taken to the Undergraduate Advising Center, Room 3151 Undergraduate Library (2733, x3040).
3. The undecided student will be unofficially registered in the Office of the Dean for Undergraduate Studies and receive his advisement from the Undergraduate Advising Center. These offices and the student's former college will assume responsibility for the appropriate transfer of complete records.

CHANGE IN PROGRAM (Graduate Students Only)

1. A graduate student who wishes to change programs or degree objectives must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.
2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester. An exception to this rule will be made for full-time students registered for less than 12 credits at the end of the Schedule Adjustment Period (the close of the 10th day of classes) who will be required to earn: 18 quality points if registered for 9 credits, 20 quality points if registered for 10 credits; and 22 quality points if registered for 11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.
3. Any student, full- or part-time, who fails to maintain a minimum *cumulative* average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 45 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.
4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student will be dismissed at the end of the second consecutive, or fourth non-consecutive semester of unacceptable performance. Courses for which the mark "W" is recorded are excluded from computations of quality point and cumulative average totals at the end of the semester. However, such courses remain in computation of the minimum quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits attempted at the University of Maryland will be used.
6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.
7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.
8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computations of cumulative or semester averages a mark of B will be assigned a value of 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor. It is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.
10. The *mark W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit.* A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDIES

The following statement was approved by the Board of Regents January 1974.

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available they may be used.
2. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 3151, Undergraduate Library), paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
   A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
   B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
   C. No course may be attempted more than twice.
   D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination.
   A. Fees for CLEP (College Level Examination Program) and other standardized examinations.
      (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
   B. Fees for University administered examinations to establish credit.
      (1) Full-time students are charged $30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.
      (2) Part-time students are charged on the same cost-per-credit-hour basis as though they were taking the course in the regular manner.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

GRADUATE — Not eligible for the PASS-FAIL grading option.

The division abbreviation in parentheses to the right of each department heading indicates the academic division under which that department is administered, e.g. (AG + LIFE SCI) above.

To relate a course to the General University Requirement areas, see the chart on page 8. "General Requirements — General University Requirements (New)."

The University reserves the right to change, eliminate, or modify course offerings when, in the judgments of University authorities, circumstances make such action necessary.

The information outlined in this publication applies only to registration in the regular day programs of the College Park Campus of the University of Maryland.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to become familiar with the degree requirements indicated in the Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the Undergraduate Advising Center, Room 3151, Undergraduate Library, or call x3040 or x2733.

Advisement is required for all first semester freshmen and transfer students.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE – limited to 19 sem. hrs.

Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration Materials.

GRADUATE — limited to 15 sem. hrs.

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to 10 sem. hrs.

FULL-TIME STATUS DEFINED

Effective August 1973, official status (either full-time or part-time) for academic purposes will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE – Full-time – Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 14 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate *units* at end of the Schedule Adjustment Period.

TABLE FOR COMPUTING GRADUATE UNITS

COURSE NUMBER	GRADUATE UNIT
000-399	2 units per credit hr.
400-499	4 units per credit hr.
500-599	5 units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
799	18 units per credit hr.

COURSE NUMBERING SYSTEM DEFINED

UNDERGRADUATE – eligible to register for courses numbered 000-499. Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

COURSE NUMBERING SYSTEM

600-899	Course restricted to graduate students
799	Masters Thesis credit
899	Doctoral dissertation credit
	Courses with last digit of 8 or 9 can be repeated for additional credit

UNDERGRADUATE STUDENT CLASSIFICATIONS DEFINED

Freshman	1-27 semester hours
Sophomore	28-55 semester hours
Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

MATH 001* FOLA 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

Math 001 fees are also discussed under "Billing Information — Other Fees" and "Refund Policy for Math 001."

AFRO-AMERICAN STUDIES PROGRAM

AASP 100 — INTRODUCTION TO AFRO-AMERICAN STUDIES (3): A survey of significant aspects of black life and thought which are reflected in black literature, music and art. This interdisciplinary course examines the African cultural and historical backgrounds and traces the development of black culture in Africa, the United States and the Caribbean from the fifteenth century to the contemporary times. Emphasis is placed upon the social, political and economic changes in black life that have influenced the ideas of black artists and spokesmen.

AASP 101 — ELEMENTARY SWAHILI (3): An introductory course in Swahili language. Study of linguistic structure and development of audio-lingual ability. Three recitations and one laboratory hour per week.

AASP 102 — INTERMEDIATE SWAHILI (3): Three recitations and one laboratory hour per week. Further study of linguistic structure and development of audio-lingual and writing ability, and introduction to the reading literary texts.

AASP 200 — AFRICAN CIVILIZATION (3): A survey history of African civilization from the origins of man to the beginning of the colonial era. Emphasis is placed on the development of cultures, institutions, economic achievements, and technologies, as well as on the development of the state systems.

AASP 202 — BLACK CULTURE IN THE UNITED STATES (3): The course examines important aspects of American Negro life and the thought which are reflected in Afro-American literature, drama, music and art. Beginning with the cultural heritage of slavery, the course surveys the changing modes of black creative expression from the nineteenth century to the present.

AASP 298A — SOCIAL AND CULTURAL HISTORY OF BLACKS IN THE CARIBBEAN (3): A historical survey of the cultural, economic, and political developments of the Caribbean from pre-slavery times through slavery, colonialism, and post independence. Though the course will deal with the Caribbean as a whole, special emphasis will be placed on the following countries: Jamaica, Trinidad-Tobago, Guyana, Barbados, and Haiti. Linkages with the rest of the African world will be examined. Common factors will be isolated, differences noted and accounted for.

AASP 298B — INTRODUCTION TO BLACK LITERATURE (3): A survey of Black authors, and an analysis of their relationship to Black thought and culture. This course will deal with the relevant forms of Black cultural expression and contributions to the shape and character of contemporary Black culture. Of special concern will be the literary application of these in the works of Black writers. The course can be divided into four parts: (1) West African cultural patterns and the Black past, (2) the cultural survival through the transitional period of slavery through literature, (3) Black perceptions vs. white perceptions as brought out in the literature — the problem of the 'double consciousness', (4) the special problems in the development of a distinctly Black literature and a distinctly Black aesthetic to evaluate that literature — their present status.

AASP 300 — PUBLIC POLICY AND THE BLACK COMMUNITY (3): A study of the role and impact of the black community in public policy formulation; scope and methods in public policy focusing on specific problems in the black community; analysis and review of relationships between the policy makers and the community. With permission of the Program, students may elect to devote time to specific communty projects to fulfill the requirements of the course.

AASP 397 — SENIOR READING AND RESEARCH SEMINAR IN AFRO-AMERICAN STUDIES (3): An interdisciplinary reading and research senior seminar for majors in Afro-American Studies or other Departments or Programs who have completed at least eighteen hours of Afro-American Studies courses. Emphasis on research and writing methods in Afro-American Studies. A senior thesis will be completed during the course.

AASP 401 — SEMINAR IN AFRO-AMERICAN STUDIES (3): The theory and concepts of the social and behavioral sciences as they relate to Afro-American Studies. Required for the Certificate in Afro-American Studies. Prerequisites: at least 15 hours of Afro-American Studies or related courses or permission of the Director.

AASP 410 — CONTEMPORARY AFRICAN POLITICAL THOUGHT (3): Analysis of contemporary African ideologies. Emphasis on philosophies of Nyerere, Nkrumah, Senghor, Sekou Toure, Kaunda, Cabral, Neto, et al. Discussion of the role of African ideologies on modernization and social change.

AASP 428D — ISSUES IN BLACK ECONOMIC DEVELOPMENT (3): A review of economic conditions in Black communities in Africa, the Caribbean, and Black America; a study of forces influencing economic behavior in Black communities; and analysis of policies and solutions proposed by Blacks to resolve these economic issues.

AASP 428W — THE BLACK WOMAN IN AMERICA. A review and analysis of the roles and status of Black women through time: from traditional African settings, through the arrival of Africans in America as indentured servants and slaves, to modern times. General concerns — such as, her role within the family, sexuality, politicization and special health problems — will be examined in the context of the impact of slavery, racial discrimination, and urbanization on the evolution of the Black woman in the United States.

AASP 429J — AFRICAN RELIGION, MAGIC AND WITCHCRAFT (3): A conceptual analysis of the foundations of African traditional religions and philosophy and the resulting occult and a survey of the consequences of the impact of Islam and Christianity on African traditional thought and beliefs in the modern context.

AASP 429K — MAJOR BLACK NOVELISTS (3): This course will examine selected works of the major black novelists of the twentieth century. The purpose behind the course is two-fold. One is to look at how the black writer has utilized the form of the novel to express himself. The other is to see how the novel reflects some of the major concerns of the times, affecting the lives not only of black writers but black people in general. The relationship of the writings of these novelists to black thought and black culture must be a critical aspect of this course.

AASP 428A — AFRICA IN INTERNATIONAL AFFAIRS. A survey and analysis of inter-African relationships, the functions and effectiveness of the Organization of African Unity, relationships between African states and Russia, China, Europe and the United States as well as the role and effect of the African bloc at the United Nations. Emphasis is placed on current events in Africa and their relationships to the international community.

AGRONOMY DEPARTMENT

AGRO 105 — SOIL AND THE ENVIRONMENT (3): Study of soils as an irreplaceable natural resource; interactions of soil with other environmental components; analysis of land resource regions in the U.S. and world; land-use problems in an urbanizing environment; planning for our land resource; how to select a home site; soil and environmental quality.

AMERICAN STUDIES PROGRAM

AMST 201 — INTRODUCTION TO AMERICAN STUDIES. Approaches the study of culture through an analysis of American autobiographies and other personal narratives written by perceptive and sometimes controversial individuals of different backgrounds and from different walks of life. The events and personalities of modern America will serve as an important focus, as will earlier writings which have established a tradition of introspection within American culture. Among the primary emphases will be an examination of national myths and values, the often conflicting relationship between the individual and his or her society, the manner in which Americans of varied personalities and professions have experienced cultural change and have sought to discover innovative resolutions for such a phenomenon.

AMST 298D — FEMINISM IN CONTEMPORARY AMERICAN CULTURE. The contemporary American woman is receiving confusing and often conflicting messages about what it means to be liberated. This course will examine these different messages in their cultural context in order to clarify the assumptions behind various ideas of female (and ultimately human) liberation. Particular attention will be paid to the relationship between feminism and capitalist and socialist ideologies in the sexual liberation, human potential and counter culture movements. The relationship of contemporary women to the self, to other women and to men also will be explored. Instructor: Carol Pearson, Director, Women's Studies.

AMST 498C — ASSIMILATION AND CULTURAL PLURALISM. This course will consider a number of approaches to the study of American society. The primary emphasis will be on the study of assimilation as a theme in American life and of its counterpart, cultural pluralism. The course will examine the tension that has existed between the mainstream and substreams of American cultural life and the emergence of a "new" ethnicity in the past decade. These more traditional approaches to American society will be contrasted with recent revisionist interpretations emphasizing "internal colonialism" and social stratification and class.

AMST 498D — AGE AND SEX ROLES IN CONTEMPORARY AMERICA. Observers of culture have instructed us that societies divide up their peoples on the basis of the joint operation of age and sex categories. This course will look at the age-sex structure in the contemporary United States and how this has evolved historically, for example, using Aries' *Centuries of Childhood* and Filene's *Him/Her Self*. We will also consider the anthropological literature dealing with definitions of male and female social identities cross-culturally and attempt to discover how such definitions in America structure the rights and duties of our own age and sex roles.

Upon what basis should we look into the future, past experience or other less limited approaches? These questions, which will be considered in the course, have become increasingly more important with the awakening of students to the potential dangers to our environment and even our lives, created by previously heralded scientific discoveries. After a general introduction to cross-national aggregate data analysis, this course will examine material pertaining to the analyses of internal instability of states drawn from frustration-aggression literature, and review conflict at the systemic or international level. Ultimately, all of our political decisions turn on the answers we give to these questions. We will look closely at the two works that seem to provide the fullest examination of these questions — Plato's *Republic* and Aristotle's *Nichmachean Ethics* — in order to discern how they might be answered.

INSTITUTE FOR URBAN STUDIES

URBS 100 — INTRODUCTION TO INTERDISCIPLINARY URBAN STUDIES. The goals of the course are to expose the student to American urban life, its history, problems and future and will emphasize the unique characteristics of urbanism. Two lectures and a gaming laboratory.

URBS 220 — ENVIRONMENTAL AND PHYSICAL DIMENSION OF THE URBAN COMMUNITY. Concentrates on planning, land use, housing, renewal, transportation and environmental systems. The course will cover basic information in each of these areas. An excellent course for students interested in a career in city or regional planning.

URBS 320 — THE CITY AND THE DEVELOPING NATIONAL CULTURE OF THE UNITED STATES. This course is designed to give the student a deeper cohesive understanding of the development of a national culture within the United States insofar as it is concerned with its cities in the past, present and future. This will be achieved through a concentration upon three basic components: (a) the historical development of culture in urban areas, (b) the contemporary urban culture and (c) the urban future.

URBS 450 — PROBLEMS IN URBAN LAW. This course is intended to give students an introduction into the areas of urban law and a general overview of the impact of law and judicial interpretations on urban governance and finance.

URBS 480 — URBAN THEORY AND STIMULATION. The course includes a review of the early theories of the city. Urban theory as integration of information involving economic, political, and social dimensions of contemporary cities.

URBS 499B — URBAN ECONOMICS & POLICY ANALYSIS. This course provides an interdisciplinary perspective on relationships between urban growth, urban land use patterns, urban problems, government and public policies. Topics will also include segregation, the inner city and urban renewal, environmental management and urban transportation.

URBS 499C — COMPARATIVE URBANIZATION: MAJOR WORLD CITIES. The purpose of this course is to acquaint students with a selected group of the world's great cities and to consider whether, and if so how far, these vast communities are confronting common problems arising from similar causes; and what steps, if any, they are taking to overcome them.

URBS 499F — PUBLIC BUDGETING AND FINANCIAL ADMINISTRATION. The course will introduce students to the concepts of budgeting and financial administration as part of conducting business and running public organizations. Whether the program objective or intended goals of the organization is the reduction of crime, pollution control, increasing the number of strategic bombers, or increasing the productivity of public schools; budgeting and financial administration become per force a critical aspect of the program planning and implementation process.

URBS 499H — HOUSING AND COMMUNITY DEVELOPMENT. This course is designed to give a historical analysis of housing and community development process and policies as they have developed in the United States. It will focus on existing governmental programs, the policies they embody and their impact upon shaping the urban environment.

URBS 601 — FIELDS AND PROBLEMS OF URBAN STUDIES. Three urban interdisciplinary emphases — environmental, institutional, and historical-cultural; concept of the metropolis in the United States; major theoretical research interests in urban affairs. Social problems of urbanization in the United States; trends in governmental intervention into urban conditions; emergence of urban-related occupations and careers; relations of emerging metropolises to society.

URBS 610 — RESEARCH METHODS IN URBAN STUDIES. Assumes a knowledge of conventional techniques of investigation — interview, questionnaire, survey research, use of documentary sources. Emphasis on learning creative approaches and on training for innovative uses of research techniques — simulation of gaming of decision-making, field study of environmental-societal influences, computer modeling of urban information. Individual and team approaches.

URBS 630 — ISSUES IN URBAN ECONOMICS & POLICY ANALYSIS. Urban problem and policy analysis in the context of urban spatial patterns, trends and urban public sector organization, finance and operation. Topics include education, zoning and land use planning, fiscal diversity and equal opportunity, new communities, the future of central city, and alternative institutions for the future.

URBS 640 — ECOLOGY AND DEMOGRAPHY OF URBAN STUDIES. Analysis of land-use patterns and demographic characteristics. Examination of changes in these relations and their influence on institutional structures. Study of dynamics of transactions and flows between localities. Metropolises as examples of exchange systems.

URBS 666 — SEMINAR IN URBAN MANAGEMENT AND DECISION-MAKING. This seminar is concerned with the processes of urban policy and decision-making in resource allocation and the delivery of urban services in urban areas. The role of political officials, management and unofficial actors, and the impact of finances, reorganization of government, and citizen participation will be explored.

URBS 670 — URBAN PUBLIC POLICY. This course is designed to familiarize the student with: (1) the nature of urban government; (2) some characteristics of urban political systems; (3) a systematic explanation of urban political processes and public policy. Special attention will be given to the intergovernmental aspects of public policy. The primary class objective is to identify and define urban political processes and policy through a systematic review of the literature.

URBS 680 — THEORY OF URBAN SYSTEMS. Theories and predictions of economic, social, and political trends of American cities; evidence of an emerging megalopolis; ideological issues for interpreting increasing urbanization; relation between urban theory and policies; bases of present urban policies; necessity of more adequate urban data for theory building; research priorities.

PHI BETA KAPPA

is a national honorary society in the liberal arts and sciences tradition. We believe that:

Our rapidly changing world needs people with breadth of understanding.

The best preparation for understanding is an education that includes humanities, social studies, and sciences beyond the introductory level and the minimum academic requirements.

Language and mathematics, as the tools by which knowledge is obtained and used, are still important.

Accordingly, we elect to membership juniors and seniors of high academic achievement whose program of studies includes these essential elements.

More detailed information on eligibility can be obtained by writing to Phi Beta Kappa, c/o Dept. of History, Campus.

POLICY OF THE UNIVERSITY OF MARYLAND
ON ACCESS TO AND RELEASE OF STUDENT DATA/INFORMATION

General Statement

The University of Maryland has the responsibility for effectively supervising any access to and/or release of official data/information about its students. Certain items of information about individual students are fundamental to the educational process and must be recorded. This recorded information concerning students must be used only for clearly-defined purposes, must be safeguarded and controlled to avoid violations of personal privacy, and must be appropriately disposed of when the justification for its collection and retention no longer exists.

In this regard, the University is committed to protecting to the maximum extent possible the right of privacy of all individuals about whom it holds information, records and files. Access to and release of such records is restricted to the student concerned, to others with the student's written consent, to officials within the University, to a court of competent jurisdiction and otherwise pursuant to law.

Access

All official information collected and maintained in the University identifiable with an individual student will be made available for inspection and review at the written request of that student subject to certain exceptions.

For purposes of access to records at the University of Maryland, a student enrolled (or formerly enrolled) for academic credit or audit at any campus of the University shall have access to official records concerning him on any campus on which he is or has been enrolled.

The personal files of members of the faculty and staff which concern students, including private correspondence, and notes which refer to students, are *not* regarded as official records of the University. This includes notes intended for the personal use of the faculty and never intended to be official records of the University.

A request for general access to all official records, files and data maintained by a campus, must be made in writing to the coordinator of records or to other person(s) as designated by the Chancellor at that particular campus. A request for access to official data maintained in a particular office may be made to the administrative head of that office.

When a student (or former student) appears at a given office and requests access to the University records about himself,

1. The student must provide proper identification verifying that he is the person whose record is being accessed.
2. The designated staff person(s) must supervise the review of the contents of the record with the student.
3. Inspection and review shall be permitted within a period not to exceed 45 days from the date of the student's request.
4. The student will be free to make notes concerning the contents but no material will be removed from the record at the time.

Under normal circumstances, the student is entitled to receive a copy only of his permanent academic record. A reasonable administrative fee may be charged for providing copies of this or other items.

Record keeping personnel and members of the faculty and staff with administrative assignment may have access to records and files for internal educational purposes as well as for routinely necessary clerical, administrative and statistical purposes as required by the duties of their jobs. The name and position of the official responsible for the maintenance of each type of educational record may be obtained from the coordinator of records or other person appointed by the Chancellor on each campus.

Any other access allowed by law must be recorded showing the legitimate educational or other purpose and the signature of the person gaining access. The student concerned shall be entitled to review this information.

Release of Information

Except with the prior written consent of the student (or former student) concerned, or as required by federal and state law, no information in any student file may be released to any individual (including parents, spouse, or other students) or organization with the exception of information defined as "Public Information."

When disclosure of any personally identifiable data/information from University records about a student is demanded pursuant to court order or lawfully issued subpoena, the staff member receiving such order shall immediately notify the student concerned in writing prior to compliance with such order or subpoena.

Data/information from University records about students will be released for approved research purposes only if the identity of the student involved is fully protected.

A record will be kept of all such releases.

Information from University records may be released to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons.

Public Information

The following items are considered public data/information and may be disclosed by the University in response to inquiries concerning individual students, whether the inquiries are in person, in writing or over the telephone.

1. Name
2. Affirmation of whether currently enrolled
3. Campus location

Unless the student has officially filed a request with the campus registrar that disclosure not be made without his written permission, the following items in addition to those above are considered public information and may be included in appropriate University/campus directories and publications and may be disclosed by designated staff members on each campus in response to inquiries concerning individual students, whether the inquiries are in person, in writing, or over the telephone.

1. School, college, department, major or division
2. Dates of enrollment
3. Degrees received
4. Honors received
5. Local address and phone number
6. Home address (permanent)
7. Participation in officially recognized activities and sports
8. Weight and height of members of athletic teams

The release of public information as described above may be limited by an individual campus policy.

Letters of Appraisal

Candid appraisals and evaluations of performance and potential are an essential part of the educational process. Clearly, the provision of such information to prospective employers, to other educational institutions, or to other legitimately concerned outside individuals and agencies is necessary and in the interest of the particular student.

Data/information which was part of University records prior to January 1, 1975 and which was collected and maintained as confidential information, will not be disclosed to students. Should a student desire access to a confidential letter of appraisal received prior to January 1, 1975, the student shall be advised to have the writer of that appraisal notify, in writing, the concerned records custodian of the decision as to whether or not the writer is willing to have the appraisal made available for the student's review. Unless a written response is received approving a change of status in the letter, the treatment of the letter as a confidential document shall continue.

Documents of appraisal relating to students collected by the University or any department or office of the University on or after January 1, 1975 will be maintained confidentially only if a waiver of the right of access has been executed by the student. In the absence of such a waiver, all such documents will be available for student inspection and review.

All references, recommendations, evaluations and other written notations or comments, originated prior to January 1, 1975, where the author by reason of custom, common practice, or specific assurance thought or had good reason to believe that such documents and materials would be confidential, will be maintained as confidential, unless the author consents in writing to waive such confidentiality.

If a student files a written waiver with the department or office concerned, letters of appraisal received pursuant to that waiver will be maintained confidentially. Forms will be available for this purpose.

Challenges to the Record

Every student shall have the opportunity to challenge any item in his file which he considers to be inaccurate, misleading or otherwise inappropriate data. A student shall initiate a challenge by submitting a request in writing for the deletion or correction of the particular item. The request shall be made to the custodian of the particular record in question.

If the custodian and the student involved are unable to resolve the matter to the satisfaction of both parties, the written request for deletion or correction shall be submitted by the student to the coordinator of records, or other such person as designated by the Chancellor, who shall serve as the hearing officer. The student shall be given the opportunity for a hearing, at which the student may present oral or written justification for the request for deletion or correction. The hearing officer may obtain such other information as he deems appropriate for use in the hearing and shall give the student a written decision on the matter within thirty (30) days from the conclusion of the hearing. If the decision of the hearing officer is to deny the deletion or correction of an item in the student's file, the student shall be entitled to submit a written statement to the hearing officer presenting his position with regard to the item. Both the written decision of the hearing officer and the statement submitted by the student shall be inserted in the student's file. The decision of the hearing officer shall be final.

Grades may be challenged under this procedure only on the basis of the accuracy of their transcription.

Exceptions to the Policy

It is the position of the University that certain data/information maintained in various offices of the University is not subject to the provisions of this policy with regard to inspection, review, challenge, correction or deletion.

(a). Statements submitted by parent/guardian or spouse in support of financial aid or residency determinations are considered to be confidential between those persons and the University, and are not subject to the provisions of this policy except with the written consent of the persons involved. Such documents are *not* regarded as part of the student's official record.

(b). University employment records of students are not included in this policy, except as provided under Article 76A of the Annotated Code of Maryland.

(c). With regard to general health data, only that data/information which is used by the University in making a decision regarding the student's status is subject to review by the student under this policy. Written psychiatric or psychological case notes which form the basis for diagnoses, recommendations, or treatment plans remain privileged information not accessible to the student. Such case notes are not considered to be part of official University records. To ensure the availability of correct and helpful interpretations of any psychological test scores, notes or other evaluative or medical materials, the contents of these files for an individual student may be reviewed by that student only in consultation with a professional staff member of the specific department involved.

(d). Records relating to a continuing or active investigation by the campus security office, or records of said office not relating to the student's status with the University are not subject to this policy.

(e). No student is entitled to see information or records that pertain to another student, to parents, or to other third parties. A student is entitled to review only that portion of an official record or file that pertains to him or her.

Notice

Notice of these policies and procedures will be published by the University.

The foregoing statement of University policy becomes effective immediately, but should be regarded as tentative pending the issuance of federal regulations and guidelines or amendments in the applicable laws.

The masculine gender of personal pronouns in this document includes the feminine gender.

Approved by the President's Administrative Council, 2/3/75.

(c). With regard to general health data, only that data/information which is used by the University in making a decision regarding the student's status is subject to review by the student under this policy. Written psychiatric or psychological case notes which form the basis for diagnoses, recommendations, or treatment plans remain privileged information not accessible to the student. Such case notes are not considered to be part of official University records. To ensure the availability of correct and helpful interpretations of any psychological test scores, notes or other evaluative or medical materials, the contents of these files for an individual student may be reviewed by that student only in consultation with a professional staff member of the specific department involved.

(d). Records relating to a continuing or active investigation by the campus security office, or records of said office not relating to the student's status with the University are not subject to this policy.

(e). No student is entitled to see information or records that pertain to another student, to parents, or to other third parties. A student is entitled to review only that portion of an official record or file that pertains to him or her.
